Military Specifications

- **MIL-P-77** -Cast Polyester OD Diallylphthalate sheet & rod
- **MIL-P-78A** - Engraving Stock Rigid Laminated sheets
- **MIL-P-79C** -Thermoset Rod & Tube, Melamine & Phenolic Glass, Cotton & Paper Reinforced
- **MIL-P-80** - Acrylic Sheet, Anti-Electrostatic coated
- **MIL-I-631** -Electrical Insulation, Tubing, Film, Sheet & Tape, Vinyl, Polyethylene & Polyester
- **MIL-I-742C** - Fiberglass Thermal Insulation board
- **MIL-P-997C** - Thermoset Silicone Resin Sheets, Glass Reinforced
- **MIL-Y-1140E** - Fiber Glass Yam, Cord Sleeving, Tape & Cloth
- **MIL-P-3054A** - Polyethylene Special Material
- **MIL-P-3088** - Non-Rigid Polyamide (Nylon) Resin
- **MIL-P-31158** -Thermoset Phenolic Sheet, Paper Reinforced
- **MIL-P-3158C** - Insulation Tape & Cord Glass, Resin Filled
- **MIL-I-3190B** - Insulation Sleeving, Flexible, Treated
- **MIL-I-3825A** - Insulation Tape, Electrical, Self-Fusing
- **MIL-P-4640A** - Polyethylene Film for balloon use
- **MIL-P-54258** - Acrylic Sheet, Heat Resistant

MIL-P-5431A - Phenolic, Graphite Filled Sheet, Rods, Tubes & Shapes

•

MIL-P-62848 - Vinyl Copolymers, Unplasticized unpigmented & unfilled

•

MIL-I-74448 - Insulation Sleeving, Flexible Electrical

•

MIL-I-7798A - Insulation Tape, Electrical, Pressure Sensitive

•

MIL-P-8059A - Thermoset Phenolic Resin Sheets & Tubes Asbestos Paper & Cloth Reinforced

•

MIL-P-8184 - Acrylic Plastic Sheet, Modified

•

MIL-P-8257 - Polyester Base, Cast Transparent Sheet, Thermosetting

•

MIL-P-8587A - Cellulose Acetate Sheet Colored, Transparent

•

MIL-P-8655A - Thermoset Phenolic Sheet, Post-forming Cotton Reinforced

•

MIL-P-9969 - Polyurethane, Rigid, unicellular, Foam In-Place for packaging

•

MIL-P-13436A - Filled Phenolic Sheet, Uncured

•

MIL-P-13491 - Polystyrene Rod & Tube

•

MIL-P-13949D - Copper-Clad, Laminated Plastic Sheets (Paper Base & Glass Base)

•

MIL-P-14591B - Plastic Film, Non Rigid, Transparent

•

MIL-P-15035C - Thermoset Phenolic Sheet, Cotton Reinforced

•

MIL-P-15037E - Thermoset Melamine Resin Sheet, Glass Reinforced

•

MIL-P-15047B - Thermoset Phenolic Resin Sheet, Nylon Reinforced

•

MIL-P-15126F - Insulation Tape, Electrical, Pressure Sensitive & Thermoset Adhesive

•

MIL-P-16413 - Methyl Methacrylate Molding Materials

•

MIL-P-16414 - Cellulose Acetate Butyrate Molding Material

•

MIL-P-16416 - Cellulose Acetate Molding Material

- **MIL-P-17091B** - Polyamide (Nylon) Resin Rods, Sheets & Parts
- **MIL-P-17276** - Cellulose Acetate Sheet
- **MIL-P-17549C** - Fibrous Glass Reinforced Plastic Laminates for Marine Applications
- **MIL-P-18057A** - Insulation Sleeving, Flexible Silicone Rubber Coated Glass
- **MIL-P-18080** - Vinyl, Flexible, Transparent, Optical Quality
- **MIL-P-18177C** - Thermoset Epoxy Sheet, Glass Reinforced
- **MIL-P-18324C** - Thermoset Phenolic, Cotton Reinforced, Moisture Resistant
- **MIL-N-18352** - Nylon Plastic, Flexible Molded or Extended
- **MIL-I-18622A** - Insulation Tape, Electrical, Pressure Sensitive Silicone Rubber Treated Glass
- **MIL-I-18748A** - Insulation Tape, Glass Fabric TFE Coated
- **MIL-M-19098** - Molding Plastics, Polyamide (Nylon) - & Molded & Extruded Polyamide Plastic
- **MIL-I-19161A** - Plastic Sheet, Teflon TFE & Glass Cloth Laminated
- **MIL-I-19166A** - Insulation Tape Electrical, Pressure Sensitive, High Temperature Glass
- **MIL-P-19336C** - Plastic Sheets, Polyethylene, Virgin & Borated Neutron Shielding
- **MIL-P-19468A** - Plastic Rods Molded & Extruded Teflon TFE
- **MIL- P-19735B** - Molding, Acrylic, Colored & White Heat Resistant for Lighting Fixtures
- **MIL-P-19833B** - Glass Filled Diallylphthalate Resin
- **MIL-P-19904** - Plastic Sheet ASS Copolymer, Rigid
- **MIL-M-20693A** - Plastic Molding Material, Rigid Polyamide
- **MIL-P-21094A** - Cellulose Acetate, Optical Quality

MIL-P-21 105C - Plastic Sheet, Acrylic, Utility Grade

•

MIL-P-21347B - Plastic Molding Material, Polystyrene, Glass Fiber Reinforced

•

MIL-M-21470 - Polychlorotrefluoroethylene Resin for Molding

•

MIL-I-21557B - Insulation Sleeving, Electrical, Flexible Vinyl Treated Glass Fiber

•

MIL-P -21922A - Plastic Rods & Tubes Polyethylene

•

MIL-P-22035 - Plastic Sheets, Polyethylene

•

MIL-P-22076A - Insulation Sleeving Electrical, Flexible Low Temperature

•

MIL-P-22096A - Plastic, Polyamide (Nylon) Flexible Molding & Extrusion Material

•

MIL-I-22129C - Insulation Sleeving, Electrical, Non-Rigid Teflon TFE Resin

•

MIL-P-22241A - Plastic Sheet & Film, Teflon TFE

•

MIL-P-22242 - Cancelled-Refer to MIL-P-22241

•

MIL-P-22270 - Plastic Film, Polyester Polyethylene Coated (For I.D. Cards)

•

MIL-P-22296 - Plastic Tubes & Tubing, Heavy Wall, Teflon TFE Resin

•

MIL-P-22324A - Thermoset Epoxy Resin Sheet, Paper Reinforced

•

MIL-T-22742 - Insulation Tape, Electrical, Pressure Sensitive, Teflon TFE Resin

•

MIL-P-22748A - Plastic Material for Molding & Extension, High Density Polyethylene & Copolymers

•

MIL-I-23053A - Insulation Sleeving, Electrical, Flexible, Heat-Shrinkable

•

MIL-T-23142 - Film Tape, Pressure Sensitive

•

MIL-P-23536 - Plastic Sheets, Virgin & Borated Polyethylene

•

MIL-I-23594A - Insulation Tape, Electrical, High Temperature, Teflon, Pressure Sensitive

•

MIL-I-24204 - Nomex Film

- **MIL-P-24191** - Plastic Sheet, Acrylic, Colored
- **MIL-I-24768** - Insulation, Plastics, Laminated, Thermosetting
- **MIL-P-25374A** - Plastic Sheet, Acrylic, Modified Laminated
- **MIL-P-25395A** - Heat Resistant, Glass Fiber Base Polyester Resin, Low Pressure Laminated Plastic
- **MIL-P-25421A** - Glass Fiber Base - Epoxy Low Pressure Laminated Plastic
- **MIL-P-25518A** - Silicone Resin, Glass Fiber Base, Low Pressure Laminated Plastic
- **MIL-P-25690A** - Plastic Sheets & Parts, Modified Acrylic Base, Monolithic, Crack Propagation Resistant - Covers Stretched Acrylic .060" Thru .675" in Thickness
- **MIL-P-25770A** - Thermoset Phenolic Resin Sheet, Asbestos Reinforced
- **MIL-P-26692** - Plastic Tubes & Sheeting, Polyethylene
- **MIL-P-27538** - Plastic Sheet FEP Fluorocarbon unfilled, Copper clad Tape, Anti-Seizing, Teflon TFE
- **MIL-P-40619** - Plastic Material, Cellular, Polystyrene
- **MIL-P-43037** - Thermoset Phenolic Resin Rod, Nylon Reinforced
- **MIL-T-43036** - Tape, Pressure Sensitive, Filament Reinforced Plastic Film
- **MIL-P-43081** - Plastic Low-Molecular Weight Polyethylene
- **MIL-P-43036** - Chlorotetrafluoroethylene Polymer- Sheets, Rods & Tubes (plaskon)
- **MIL-P-46040A** - Phenolic Sheet, Heat Resistant, Glass Fabric Reinforced
- **MIL-P-46041** - Plastic Sheet, Flexible Vinyl
- **MIL-P-46060** - Plastic Material Nylon
-

MIL-P-46112 - Plastic Sheet & Strip, Polyamide H-Film

•

MIL-P-46115 - Plastic Molding & Extrusion Material, Polyphenylene Oxide PPO

•

MIL-P-46120 - Plastic Molding & Extension Material Polysulfone

•

MIL-P-46122 - Plastic Molding Material, Polyvinylidene Fluoride-Kynar

•

MIL-P-46129 - Plastic Molding & Extension Material, Polyphenylene Oxide, Modified-Noryl

•

MIL-P-46131 - Polyphenylene Oxide, Modified, Glass Filled

•

MIL-P-52189 - Thermoset Phenolic Resin Tube, Nylon Reinforced

•

MIL-P-55010 - Plastic Sheet, Polyethylene Terephthalate

•

MIL-P-81390 - Plastic Molding Material, Polycarbonated, Glass Fiber Reinforced

•

MIL-P-82540 - Polyester Resin, Glass Fiber Base Filament Wound Tube
